

## HOW TO PLAY TROMBONE (BRASS)

Don't get caught on what not to do, instead, concentrate on what to do.  
-Arnold Jacobs

There are only three parts:

- I. Sing
- II. Blow
- III. Stay firm

Do them in this order.  
To solve problems, check them in this order.  
Keep it simple – over analysis wastes time.

If you must add one more thing:

- IV. Work your butt off on nos I, II, and III.
